## Work Experience

### Sound Design Intern - DFAD (Aug 2023 - Feb 2024)

Tasked with designing hyper-realistic gunshot audio assets for an indie video game. It was a great opportunity to gain experience with realistic acoustics and advanced audio editing techniques such as dynamic compression, and envelope shaping.

### Sound Designer - Google (Mar 2023 - Jun 2023)

Worked with a team of diverse backgrounds and skillsets to create solutions to enhance the usability of Google Assistant. My tasks involved creating sound effects for our solutions and cleaning up audio for media we shared with Google.

### Podcast Audio Editor Intern - Bleav (Jan 2023 - May 2023)

Cleaned up podcast audio dialogue using Izotope RX, as well as created catchy introduction pieces using sound design and music. Created unique introductions for shows such as Screaming from the Sidelines and the Bleav in Pistons Podcast.

### Assistant Teacher - Arlington Public Schools (Jun 2018 - May 2019)

Taught students all aspects of filmmaking in a television production class learn; from writing scripts and storyboards to picture and audio editing. Developed leadership skills managing students from the beginning to the end of the filmmaking process.
